Offering JYNNEOS vaccine individuals who meet the following eligibility requirements:

- Individuals with recent exposure to monkeypox within the past 14 days.
- Those at high risk of a recent exposure to monkeypox, including members of the gay, bisexual, transgender, and gender non-conforming community and other communities of men who have sex with men and who have engaged in intimate, or skin-to-skin contact with others in the past 14 days areas where monkeypox is spreading.
- Individuals who have had skin-to-skin contact with someone in a social network experiencing monkeypox activity.
- Individuals 16-17 years old need a parent or guardian consent.
- Individuals 15 & younger need a parent or guardian present.

The JYNNEOS vaccine is a two-dose vaccine separated by at least 28 days. You will be contacted to schedule your second dose.
